

Since December 1<sup>st</sup>, 2022, vessels have been prohibited by law from entering the following zones of the southern waters of Port of Sendai. Please be aware of this when entering and departing from the port.

**[Prohibited Zone Measures]**

This measure has been enacted to ensure the safety of maritime traffic in Port of Sendai. Motorboats\* as well as other vessels approved by the Harbor Master, are exempt from this measure.

1. Period of time : Ongoing since December 1, 2022
2. Zone : The ocean area contained within points A, B, C, D, and E on the map below, and bordered by the Sendai Offshore Breakwater.

\*Motorboat Classification  
 Vessels weighing under 20 tons (e.g. powered vessels such as fishing boats, pleasure crafts, working vessels, etc.) fall under this designation.
